

Aluminium Greenhouse

4 sections , 190 x 250 x 124 / 195 cm

Assembly requires

- 4 person
- Bolt driver
- Spanner

Tips:

Read this directions carefully and keep it for further insight.

Each step will be explained in detail.

And there are illustrations to show the actually location of the spareparts.

Notice:

The foundation is not included.

Parts of the building must be tight enough.

The suitable foundation will supplied as optional accessories.

You will find instruction of self-build foundationon page-7.

Ware gloves during the assembly.

The corners and edges of the parts may be sharp and hard.

Be careful to avoid getting injured.

Leave enough time to finish assembly and adjustment.

Keep the greenhouse dry and freeze-free when not in use.

Do not press or poke hard on the hollow boards.

Keep all the parts away from fire and sparks.

Before assembly:

Find a flat and smooth ground before your assembling begins.

Learn the assembly manual carefully and follow each step strictly.

Check all attached parts for completeness.

Prepare all the spare parts and necessary tools(not included) before assembly.

Assemble the greenhouse under the dry weather.

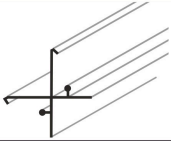

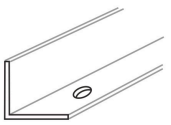

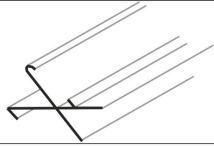

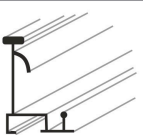

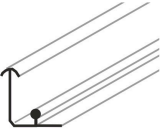

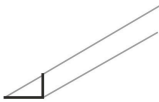

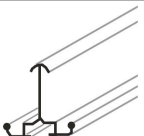

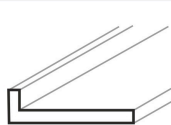

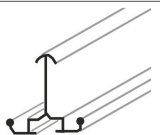

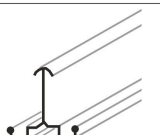

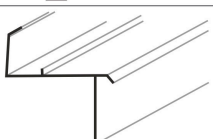

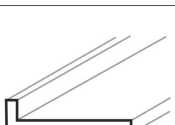

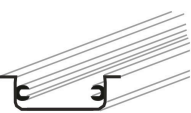

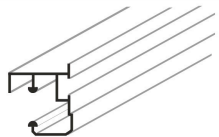

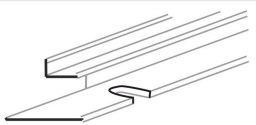

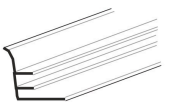

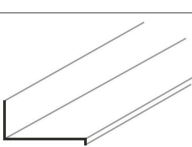

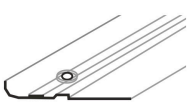

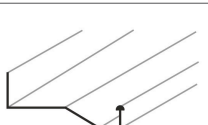

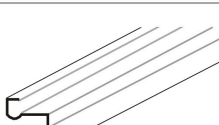

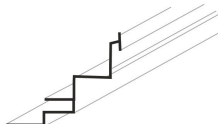

Construction is never carried out in strong wind or under bad weather.

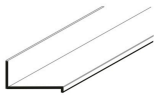

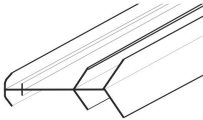

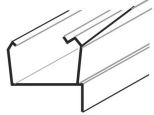

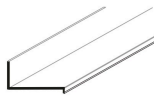

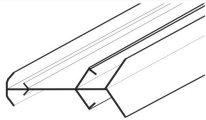

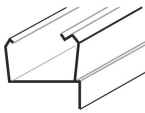

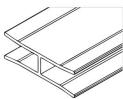

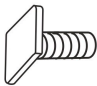

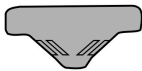

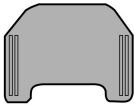

Several people are needed to build the greenhouse.
